### Tips for Successful Scientific Publishing 5 decembrie 2022, ora 17.00

Marc J. Assael & Tom Spicer

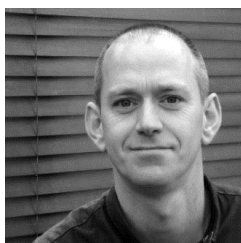

**Descriere:** Seminarul se adresează comunității academice și studenților doctoranzi ai TUIASI și va pune accent în primul rând pe lucrări științifice și pașii necesari pentru o prezentare de succes a unei astfel de lucrări.

**Marc J. Assael**, FIChemE, FITCc, is emeritus professor in thermophysical properties in the Chemical Engineering Department of the Aristotle University of Thessaloniki, Greece, and the editor-in-chief of the International Journal of Thermophysics (Springer Nature). Marc has published more than 210 papers in international journals, 180 in conference proceedings, 28 chapters in books and 11 books.

He acts as a reviewer for 71 journals in the broad area of thermophysical properties, while he is also a member of the editorial board of the following scientific journals: High Temperatures – High Pressures, IChemE Transactions Part D: Education for Chemical Engineers and International Review of Chemical Engineering.

Recent information, as well as a full publication list, is available at <https://ltpep.com/>.

**Tom Spicer** is Publishing Director for the physics and astronomy journals group at Springer, part of the Springer Nature publishing group. His team is responsible for a portfolio of over 100 academic research journals across pure and applied physics, materials science, astronomy and space science. With a background in physics and astronomy, Tom has worked in STM journal and book publishing for more than 25 years, having held positions at IOP Publishing, Nelson Thornes and Canopus Academic before joining Springer in 2012.
